## Who is Love INC?

Love INC is a network of 40 different Clackamas County churches and volunteers working in unity to help the poor and the needy. The Love INC Clearinghouse links people in need with churches, agencies, and volunteers. All calls for assistance are screened and verified so resources are maximized and volunteers know their help is effective.

Through our network – from church outreach ministries to a talent bank of gifts and skills of church members of many Christian denominations – Love INC connects people in need with people who want to help.

***Mobilizing the Church in Clackamas County to transform lives and communities In the Name of Christ.***
